2012:

THE GREAT SHIFT OF THE AGES

The Great Shift many of you are speaking about is not something that is going to happen *to* you in 2012. Although there are great escalations in the frequencies that are penetrating the fields within and around your physical body and world—and will continue up to and into 2012—the true Shift of the Ages is *within* you, meaning within your consciousness and the collective consciousness of humanity, and that is happening now!

As we shift out of the known into the unknown, the Ascended Masters and Cosmic Beings who have been our spiritual elders for thousands upon thousands of years are offering us their compassionate support and are more accessible than ever. They are here to assist us through the chaotic haze that is often part of the heralding of a new spiral of consciousness.

The Queen of Light:

Within an opalescent field of Divine Grace, I come forth as a representative of the collective body of the Cosmic World Mother. We are *here* to ease your hearts by letting you know that the chaos, confusion, fear, anger or emptiness some of you may be experiencing is a natural part of moving into a new spiral of consciousness.

The negativity that has been held within the collective consciousness of humanity is coming forward to be transformed and *loved* free. Cleansing and purification on every level is a necessary part of awakening and thus a natural part of the Great Shift in the Ages. The Light of Source is being released into your body and into the field around you to increase your capacity to transform whatever is no longer serving you. Lightwork Exercises designed to assist you in this transformation are offered as part of the live and online Courses being offered at www.WalkTheEarthAsALivingMaster.com

Living in non-resistance is a great part of all true and lasting transformation. If you resist taking responsibility for having created everything in your reality, your inner negative energy will keep on manifesting on the material plane and often in your body. Sometimes you will be tempted to resist taking full responsibility for your reality, so in Divine Grace, I offer you another way of looking at your life's circumstances: You may *not* have created the conditions you see before you *per se*, yet rather you have created the lessons that these conditions are presenting to your soul to strengthen some quality within you that is weak, such as faith, discernment or telling the whole truth.

Some of you may feel as though you are in limbo between worlds, some of you may be waiting for more clarity regarding your life's direction, and some of you may simply be observing the changes without any need to identify with them or even to change what is happening, or some of you may already be focusing on creating the new paradigm. All responses are valid and must be acknowledged as a part of *your* own unique awakening.

Give yourself lots of quiet time to really feel where you are, whether you are sensing yourself in a void between dimensions, in internal chaos and fearing the unknown, or in joyful anticipation of what is on the horizon.

***If you are experiencing yourself in the void,
you are being blessed within the great womb
of the Divine Mother.***

This *womb* surrounds and embraces the Divine origins of every soul with its essential frequencies of Source. Though this is an omnipresent field of living, pulsing energy that cannot be seen, it can be felt. You and your world are currently being penetrated with these Source frequencies to bring as many as possible into greater alignment with your original Divine encoding.

Every soul at its inception is surrounded by a sphere filled with the pure essence of Source Love and the pure essence of Source Light.

***Every soul is living within a pulsating
mandala created by its
unique expression of consciousness.***

Every mandala consists of ever-changing thought-forms, each one supported by the colors and qualities that are associated with your thoughts and feelings. The energy that was originally used to create and manifest your soul's reality was purely Divine Love and Light.

The more aligned you become with your original Divine encoding, the more you will begin not only exuding your original nature, but also attracting the natural abundance of Source that is your Divine inheritance—for *like* does attract *like*. The real *supply* of everything you desire comes through your world, yet its origin is not physical. The physical realm is simply where you get to *see* or *feel* what you originally put into motion by your thoughts and feelings.

The *attraction* factor always remains the same: As you magnetize into your mandala more Source Love and Light, you will begin attracting the physical expression of abundance within your world. Your abundance is dependent on your relationship with your Presence. You will find practices that strengthen this alignment with your Presence as part of our Courses to ***Walk the Earth as a Living Master***.

Ascended Master Serapis Bey:

The degree to which you live your Divine nature denotes the ascension frequencies you are carrying in your body. Though I remain the overseer of the ancient ascension temples in Egypt, which are now solely on the inner planes, I have greatly extended my services into other vortices around your planet based on the thousands of souls who have made the call for their ascension.

Though the ascension came to be known as a way to spiritually exit your Earth based on loving service, it is now being brought to you as an avenue for *realizing your mastery while you are still living on Earth*. The Great Shift *is the ascension* as it involves moving from one state of consciousness into another.

Your Christ Jeshua or Jesus demonstrated the ascension, yet few understood that he had to completely ascend in consciousness while he was still walking the Earth.

As the overseer of the Councils of the Cosmic Christ, Jeshua is presently very much involved with humanity's ascension. He is witnessing what he put into motion over 2000 years ago as he—and others before and after him—came forth to prepare humanity for the ascension possibility that is before you *now*. He set into motion the ascension wave that is taking humanity through this Great Shift of the ages.

Christ Jeshua with Mary Magdalene:

We are here as one force field of Love and Light to demonstrate the new relationship potential between men and women, and perhaps more importantly, the truly divine inner relationship that will bring much peace into the yearning hearts of humanity. The high level of union we were asked to demonstrate involved a trinity—man, woman and Source.

The Love and Light of Source were initiated into all of the electromagnetic energy fields within our bodies, thus allowing Source to augment the magnificence of our original encoding, especially within our shared Heart. These Source energies also branched into each of our etheric energy centers, often referred to as *chakras*, so these centers could move into the unlimited spherical expressions

of our consciousness. We then brought our individualized spheres into *one* unified, co-joined sphere of Source Love and Light. When we discovered this pure bliss level of ultimate Divine Union was even possible on the physical plane, we knew we were destined to bring this into the world.

When we were together, very few understood our relationship. When I walked the Earth as Jeshua, my mother Mary had studied with Isis and she knew, along with a handful of other initiates, the potential that lies hidden within the spiritual matrices that make up the unique energy streams that exist between a man and a woman. There are also energy streams that exist between the hearts of those of the same sex.

*We are here now for those of you living in these times
as you are the ones who will be ushering in
the new paradigm of Divine Union.*

In the Advanced Course to *Walk the Earth as a Living Master*, we, as Jeshua and Mary Magdalene, share the full potential of ecstatic Sacred Relationship, giving you a foundation for Divine Union.

Ascended Master Hilarion:

The limbic or emotional brain is connected deeply into the lower centers that make up the emotional body. It is necessary to have a very powerful and loving alliance between the brain, the heart and the first three spiritual centers. The emotional body of both sexes has been running their separate agendas based on their wounds, and the mental body has been directing its conditional existence from its place of separation. So you can see how vital this re-connection is to the ascension of humanity.

In the Courses to *Walk the Earth as a Living Master*, many of those within the inner plane temples come forth to facilitate the union between your *cleared* body/mind and the ascended consciousness of your Presence. This alignment is designed to move your consciousness *beyond the confines of the limited self between now and 2012*.

*Our call has been set into motion—
the call to awaken to your true potential
and to take advantage of these extraordinary times!*

Now it is up to you.
