Humanity's Defining Moment

Part II

You and your planet are choosing how future generations will live.

Your walking the Earth as a living Master is vital

if humanity and the planet are to move fully into the freedom

and abundance of Unity Consciousness.

The Cosmic World Mother

In the celestial realms we hear your pleas for assistance. Many of you are asking how you can find yourself and know who you truly are, how you can reach into the pool of bliss that knows no sorrow, and is it really possible to experience Oneness with Source while living in a physical body with its relentless thinking mind and unpredictable feeling nature?

These questions, beloveds, are surely all worth asking. As you gain increasing courage to release the veils that are simply keeping you from embodying the powers that are seeded in your unlimited mind and heart, you will discover that you were originally created as a replicated Spark of the Infinite ~ a Spark that

contains *only* Source Love and Light! You have been increasing your capacity to create using these original Source frequencies over many lifetimes, yet *now for the first time in thousands of years it is becoming possible to bring these untainted energies into every cell and atom of your body.*

Your Presence has been sustaining the Core of your original Spark within your own Spiritual Heart. The full embodiment of your Presence into the physical domains of your consciousness involves the full cooperation of your conditional mind. To walk the Earth as your Presence or Master Self you must agree to switch the authority of your ego mind over to the authority of your Divine Presence.

Your Presence can only stay within your physical expression when your mind remains in a state of loving surrender to your heart. The consciousness of your Presence is also deeply encoded within the core of every cell in your body. During your present cycle, layers of limiting cellular memory are being released. By your conscious intention and by using certain dynamic exercises for assisting you in this release, the unconscious energy within your cellular memory can be transmuted and transformed back into the original Light and Love of Source.

You and your planet are choosing how future generations will live. Your walking the Earth as a *living* Master is vital if humanity and the planet are to move fully into the freedom and abundance of Unity or Christ Consciousness. Look at how you can support your Earth and each other during these fragile times. Remain aware of what is supportive and what is not. We are suggesting that this awareness be expanded into every level of your life ~ from the tiniest act to your greater creations.

***Awareness is where the transition must begin
during this defining moment in the unfolding
story of humanity's return to freedom.***

All those within the celestial realms are here to assist you in your ascension as we truly want as many as possible to open wide the doors that will lift humanity out of its self-imposed prisons of fear and isolation. Feel into what we are sharing with you as you look deeply at your own willingness to give up your stories of limitation. Man and woman have both delighted in sharing their woeful histories,

yet that time is over if you truly want to be a part of creating a new Golden Age of Freedom.

We continue to support you in the *womb* of the Creator as you ascend into the unlimited domains of your consciousness. You are being bathed in this womb with the pure Opalescent Love and Grace of the Divine Mother. Many of you are now asking to transform all of the unsupportive information that has been stored in your lower three Spiritual Centers ~ the *energy womb* within both men and women. Your Presence is assisting your soul in pushing this information to the surface so these three vital Centers can recalibrate their frequencies and align fully with your Spiritual Heart.

The physical and emotional domains of your ascension into the 5th dimension cannot be attained without the full cooperation of each of your Spiritual Centers. Your body's light quotient and the full opening of all 12 strands of your crystalline DNA depend on this full activation. Many centuries of misinformation have kept you *believing* that you are limited by the information within your 2-strand DNA.

***This cycle is asking you to remember
that you are still one with your original Spark
and totally unlimited and abundant in all ways.***
