June 2009

A CALL TO ACTION

The Great Masters and Archangels are calling thousands of us to awaken into our mastery as it is only through the open hearts of humanity that the great shift into Unity Consciousness can truly occur in the next few years, and though this is a collaborative adventure with those in the spiritual realms, the physical manifestation of Heaven on Earth is up to each of us. Meanwhile, the *challenges* of these times are seen by the Masters as tremendous *opportunities* being presented to those who truly want to walk the Earth as conscious *living* Masters while co-creating the next Golden Age of Freedom.

Saint Germain and Lady Portia

You are in the midst of a personal, collective, planetary and galactic ascension. Your minds, hearts and bodies are being expanded into a new dimension of being. The *dimension of being* into which you are spiraling contains the frequencies of Unity or Christ Consciousness. We are here to support you making this shift as gracefully as possible. We serve within many inner plane Councils of Light whose members have been emissaries of the

Divine Love and Light of Source for millennia. Yet now, beloveds, we are calling you to be a part of our Councils and thus for you to become conscious, awakened emissaries of Source while walking the Earth.

***For the whole of humanity to move
into a new level of consciousness,
thousands of you must embody
your own Divine Presence.***

The ease with which this occurs involves your collaboration, cooperation and devotion to the embodiment of your Presence. Your Presence—which is the most aware aspect of your being and the part of you that is encoded with your original Divine Blueprint—is calling you into your freedom as surely as we are from the ascended realms. As you spiral out of the third dimensional consciousness that has been driving your world for thousands of years, it becomes necessary to retrain your thinking and feeling to support your heart's deepest levels of being.

Hence we are calling thousands of you to create such an intimate relationship with your Presence—which has been residing within a sphere of consciousness around your body—that it can guide your soul from the limited to the unlimited spectrum of heart-based consciousness. This involves your conscious ***choice*** to live as your ***true*** Self and to prepare your physical, mental, emotional and etheric bodies for the embodiment of your Presence.

Many of us collaborated to create Courses for you to ***Walk the Earth as a Living Master***. We wanted you to have access to our transmissions, Lightwork Exercises and charts, all designed to assist you in establishing an intimate relationship with your Presence. The Courses we are offering are designed to shift the fulcrum of your consciousness into your Spiritual Heart, wherein you have the alchemical frequencies of the Sacred Rays to

transmute, transform and align every cell and atom of your physical body with your original Divine encoding from Source.

When your Heart is expanded into its greater alignment with Source, you will know who you are and what gifts you have come to implement during this grand planetary awakening. You may discover that you want to be a much more conscious co-creator of the next Golden Age of Freedom. A great shift in consciousness is taking place within everyone, regardless of the circumstances you may be witnessing within their lives or bodies. No matter where one *appears* to be, they are moving and lifting out of the known into the unknown.

The true realization of the Self as the Presence is greatly accelerated when one is able to transmute the duality patterning that has been carried forward for generations. Though the *past* and the *future* are truly mental constructs, they have been given so much power that their patterns are often lodged within the cells of the body. In these Courses we share powerful tools for transforming and loving free the beliefs that may be holding these patterns in place.

Jeshua and Mary Magdalene

In our transmission that is part of *Walk the Earth as a Living Master Advanced Course*, we provide ways to move more deeply and palpably into your inner marriage with the Beloved. Merging with your true Essence within the Heart of the Beloved is the true yearning within the heart of every soul. True Love is not just between two people or even between a mother or father and their children.

*True Love is founded in your reunion with
the inner Beloved which is inexorably
linked to the Heart of Source.*

Throughout the ages, this Great Heart has gracefully sustained you within its universal spheres of sound and light. These spheres are always supporting you within the arms of the Beloved, yet few are aware of their relationship to these sound and light currents and how they are a major part of the magnificent Heart frequencies that are eternally pulsing forth their support as the living Light and Love of the Creator.

In the Advanced Course we give exercises for creating and sustaining a Sacred Relationship, both within the self and with another. Reunion with the Beloved activates an Ascension Spiral that connects all of the Spiritual Energy Centers of your body, and you begin to move into the *ecstasy current*. You then have the opportunity to be part of creating the *critical mass* that will move all of humanity into the ecstasy that is their true and natural state of being.

In this Course, those within the Councils of the Elohim come forth with us to share ways you can use Sacred Sound and Geometry to augment your extended relationship with the Beloved. It is always a trinity when you are in relationship with a partner—you, the other and Source, until finally there is only One shared Heart within One Sphere of your co-joined consciousness.

The Queen of Light and Metatron

To build and create a new Golden Age, certain frequencies must be set into motion as guiding lights, for you are moving into your next stage of conscious evolution and co-creation. Just as parents were meant to be the guiding light of the consciousness that is seeded into their children, we now come forth like spiritual parents, for you are our extended spiritual family and we are very involved in your maturation.

Our major focus right now is initiating the Opalescent and Diamond Frequencies within your Spiritual Heart. These Sacred Rays have not been within your heart since Atlantis. They have been held within a sphere of consciousness *around* your body, yet now as you prepare to embody the Presence, these Rays must also be *in* your Heart.

In the Online Course *Walk the Earth as a Living Master*, you will learn how to bring specific alchemical frequencies into your Spiritual Heart as they hold the keys for shifting your physical, mental, emotional and etheric bodies into Unity Consciousness. The Diamond Ray frequencies augment the currents of sound and light not only within your heart, but also within the Sacred Geometries that reside within and around your body. You will learn how to use these glorious crystalline shapes and sounds to bring your creations into manifestation. The Opalescent Light then nourishes and sustains whatever you have created.

As part of the Council of the Cosmic World Mother and the Council of the Cosmic World Father, which are always one with the other, we serve as a demonstration of Oneness within the Heart of Source.

We come not only to inspire you, yet also to stimulate your ever deepening desire to move beyond the separation patterns that create conflict on all levels. As old energies move back into the unconditional Light and Love of Source, you will learn how to exercise your mastery while living on Earth.

***Your planet is becoming more radiant
as she moves more deeply into her
Golden levels of Christ Consciousness.***

Because the Opalescent/Diamond frequencies of Cosmic Christ Consciousness have not been a part of your world or a part of your

heart or spiritual centers since the time of Atlantis, many old memories may surface as more of these powerful Sacred Rays are released into your world.

The capacities of these two great Rays—the Opalescent and the Diamond—are both being overseen by your Presence and your Ascended Master sponsors to ensure your optimal development.

Many great Galactic and Cosmic Beings of Light, many from the legions of the Archangels and the Elohim, and many from the Cetacean worlds are here to assist you in orchestrating your new physical, mental, emotional and etheric bodies as these bodies are all being recalibrated. If you sometimes feel confused, lost or disoriented, please remember that these experiences are temporary and often necessary as you move from one state of being into another.

As the Queen of Light, I remind you that it is very important to align your heart with the pulse beat of the Earth's heart. Most of humanity is very out of harmony with this *pulse* due to their constant bombardment with the energy waves that come forth from your technologies and the general air pollution that surrounds your world. The Earth's pulse is in alignment with the great pulse of the Creator's Heart, which extends into every heavenly body you see in your galaxy and beyond. We are deeply delighted to give you tools for realigning you with these pure energies.

As Metatron, I am overseeing the influx of the Diamond Light of the Creator on the personal, collective and galactic levels of your consciousness. I am working with the Elohim to re-establish your use of the Sacred Geometries so you may use them more consciously as you manifest your new Golden Age. Our Call to Action is a call to thousands of you who know you are to be a part of this great co-creation.

“Walk the Earth as a Living Master” is now available as an Online Course. To learn how you can work personally with these Masters to achieve your own mastery, go to:
