Conscious Ascension Part IV

When you live as your Presence, which is the greatest opportunity of any lifetime, all else falls into alignment with your heart's true longing ~ reunion with the Divine.

Masters Saint Germain and Lady Portia

You are entering an Age that is dedicated to freedom. You can facilitate that freedom by your deep willingness to observe and surrender any habitual tendencies and addictions that are creating stress within yourself or within those around you. Stress is not a private affair. It affects all of life around you, even that which appears to be solely in the invisible realms.

To shift a stressful habit, especially a long-standing one, takes awareness, honesty, dedication and a deep abiding devotion to your freedom. Stress contracts the cells of your body and keeps you confined to following your limited, ego mind rather than the unlimited mind of your Presence. The steps that lead to living in the freedom of the Presence are those that continue to take you deeper into your heart and thus into the core of your original *pre-separation* encoding. When you are willing to view stress as a great friend tugging at your sleeve trying to get your attention to do something differently, then you can truly bow in gratitude for what it is revealing to your soul.

An “*Oh well*” attitude of complacency will never serve you in making a conscious ascension nor will it assist you in preparing your mind and heart for embodying the

fullness of your Divine Presence. One way to assist your mind in shifting out of its patterns of either stress or complacency is to first observe, and then breathe deeply into the whole of your cellular body while remembering that it is the precious vehicle you have chosen for embodying your Presence and it is the Presence that has the true power, wisdom and love to walk the Earth as a *living* master. We have created **Courses to Walk the Earth as a Living Master** to assist you to embody your Presence.

The greatest gift you can give to yourself and all of life at this pivotal moment in your personal and planetary ascension is to start consciously abiding as your Presence, which is pure unconditional love. When enough of you awaken within the Divine Spark of the Source Love and Light that is seeded within your heart and within the heart of all of life everywhere, then all of life can start accelerating its ascension into Unity Consciousness.

Very, very few human beings have actually mastered being truly *present* and thus they are not experiencing the delights of coming together in true intimacy. Humanity is addicted to living in the limited, conditional mind, which is centered in thoughts that are supporting their beliefs, the stories they hold as important from their past or the thoughts they have already projected into their future.

Being *present* means being deeply honest and intimate with yourself and others. It means *listening* to the energies within and behind your thoughts and then sharing those energies as clearly as possible through the spoken word. Is what you are sharing carrying ego or shadow? Or love and light? Is it expanding the love and creativity between you and another? Or is it simply based on your desire to be seen, heard and recognized as having value?

The ache of every human being stems from the fact that almost no one is really here except in their conditional minds and their inbred emotional responses that lack any depth of true intimacy. The entertainment in your world is most often used to temporarily avoid the inner pain of feeling separate. When you live as your Presence, which is the greatest opportunity of any lifetime, all else falls into alignment with your heart's true longing ~ reunion with the Divine. We have created a **Conscious Ascension Course** to personally mentor you to *live* as your Presence and bring Heaven to Earth.

True intimacy is a rare practice in your world, yet it is definitely a foundational practice for ushering in the next Golden Age of Freedom. Being present and thus deeply intimate as your essential Self is truly one of the greatest gifts and most magnificent services you can render to yourself and all of humanity during this pivotal cycle.

*You are only just beginning to live the love you truly are.
Your Presence is calling you deeper into your heart so you
may fully experience the ecstasy of your reunion with Source.*
