## *Discover Your Original Divine Encoding*

### *Part I*

*All of the information that has been sustaining the myth of separation within the minds and hearts of humanity for 1,000's of years has been stored as memory in the cells of the body, yet these memories have no true reality base whatsoever. As a representative of the Order of the Rose, I am pleased to extend this great news from my heart to yours.*

~ Master Lady Nada

### **Masters Saint Germain and Lady Portia**

Just as men and women were meant to live and serve in harmonic collaboration with one another, the mind and the heart of humanity are blueprinted to work as one unit of consciousness in the coming Golden Age. Neither the mind nor the heart will be controlled or dominated, nor will either one have an interest in sustaining a separate agenda.

If the mind has learned to shield your heart because it believes it can keep you from feeling too much pain, then it is holding onto a false

concept that you can easily transform by aligning your conditional mind with the unconditional mind of your Presence.

An essential component of being receptive to the unconditional nature of your Presence is letting everything and everyone show up exactly as they are. With that *allowing*, love can be seen, felt and experienced as the foundational essence that resides in the original Divine encoding that is seeded within the heart of every soul. Unconditional loving is the essential keynote of every Golden Age.

If you are willing to extend your senses outside of the immediate realm of your *knowing* and let your *feeling* nature lead you into the unknown mysteries that abound within your everyday existence, you will find yourself entering into an entirely new world of glorious possibilities.

### **Masters Kuthumi (Saint Francis) and Lady Claire**

When you inhale, both physically and etherically, you are bringing all of the magnificent Sacred Rays, Sacred Sounds and Sacred Geometries into every system of your body. As they enter through your breath, immediately their qualities begin circulating through the physical and etheric channels within and around your body. These channels are designed to bring the pure Light and Love of Source into your physical expression so it can stay aligned with the consciousness of your Presence.

The *embodiment* of your Presence is key to living in Unity Consciousness and thereby acting as a wayshower for the new Golden Age. As you prepare to enter this Age, all of the Sacred Rays, Colors and Geometries will begin increasing their circulation throughout your body. We designed many of the Lightwork Exercises in the *Mastery I, II and III Courses* to *Walk the Earth as a Living Master* to assist you in calling forth and assimilating these Sacred Frequencies and their

qualities within your Spiritual Centers, your acupuncture meridians and your crystalline DNA.

These Sacred Frequencies sustain the pure essences you witness in nature. When you connect with nature's beautiful bounty, your heart remembers that abundance is a natural part of your own inheritance. As the flowers and trees open to receive the sunlight and the rain, you too have only to open your heart to receive the universal abundance that is naturally your inheritance.

As the mind accepts that you are safe to be the Love that you truly are, then the cells of your body open wide to receive more of the nourishment that comes through the qualities of the Sacred Rays, Sounds and Geometries. Their qualities are part of your abundance as they carry Light information that is constantly connecting you into a vast crystalline library of consciousness. Within that library are the gifts you brought with you into this life specifically for these times.

When your 3<sup>rd</sup> dimensional mind is in control, then you are connected into the limited or conditional information within this shared crystalline *Sea of Consciousness*. Yet when your Presence is in charge, then you are connected into the *unlimited* or *unconditional* aspects of this *Sea*.

In the past human beings gave so much time and attention to their 3<sup>rd</sup> dimensional thoughts, emotional states, memories and dreams that they forgot to live in the mystery of the moment. In doing this, they restricted themselves from accessing the unified fields of consciousness that are seeded within the dormant strands of their crystalline DNA. All DNA is connected into a living field of consciousness that is sustaining both the personal and the collective records of humanity. Nothing is ever lost that might assist a soul in aligning with its original blueprint.

When your personal memories are put into perspective by seeing them for what they are ~ illusionary thoughts and feelings frozen in the past ~ then the past has no power and the magnificence of new Golden Age potentials will arise within the freedom of the deep knowing and expanded feeling nature of your heart.

If you would like to be a Golden Age man or woman and ascend out of the confines of the 3<sup>rd</sup> dimensional past and to walk your mastery in these magnificent times, we have created **The Golden Age Man and Woman Course** to personally mentor you to live an unlimited life of freedom, abundance and joy as your Presence, and co-create a new Golden Age of Freedom.
