## How Can I Ascend? Part II

*The increase of ascension frequencies currently supporting your great shift in consciousness into the freedom of the 5<sup>th</sup> dimension is also shifting the energetic matrices within and around your Earth. Every life form in your Solar System is being affected as you are all part of a global ascension that is inviting everyone in your galaxy to take the next step in consciousness. This process may be stimulating the opening of some*

*of the crystalline strands of your ancient DNA that still contain memories of having lived on Earth during previous Golden Ages. These strands have never been confined by the limitations that exist within the 3<sup>rd</sup> or 4<sup>th</sup> dimensions as they have only recorded the memories of you having lived in Unity or Christ Consciousness.*

~ Masters Saint Germain, Lady Portia, El Morya & Lady  
Miriam

Your present cycle is one of the most important humanity has ever experienced. It took several ages for those of us in the Ascended Realms to collectively agree that a mass ascension could actually take place within a world that was so ingrained in its 3<sup>rd</sup> dimensional illusions and distractions. Thousands of angels, our celestial hosts and the Elohim are presently assisting you in making this ascension a physical reality, yet we must also share that *there are no guarantees since you are living in a free will universe.*

We have been working with humanity's ascension potential for more than a hundred years to prepare you for these times. We have been assisting you and your ancestors in moving out of the limiting memories that were recorded within your bodies and within and around your planet that are no longer serving you in making your ascension.

The eternal etheric substances of your soul are presently being stimulated by your Presence and your Ascended Master sponsors so you can remember your spiritual inheritance and why you are here specifically during the time of your Great Shift in the Ages. This *Shift* is your ascension into the 5<sup>th</sup> dimension.

It is time to align with the everlasting joy that is never found in the temporary pleasures of your 3rd dimensional world. Based on the majority of humanity giving so much of its attention and personal power to *the illusion* of pleasure in the outer world, your culture has been intensely devoted to instilling false belief systems by advertising products and presenting you with endless entertainment possibilities that are designed to disguise and distract you from the real satisfaction that comes from living as an immortal being who has no need to give away your power to an illusion; for in doing so, you have kept yourselves from realizing your mastery and completing your ascension into the unlimited magnificence, majesty and greatness of your Presence.

Yet now, beloveds, all of this is changing. You are truly awakening from the dream of many ages and all around your world, people are beginning to shift their priorities. They are moving more inward, while redefining their lives, their family dynamics, their business policies and soon the premises on which your world politics and your economic systems have been based.

What you can do now is make authentic Love and the love of Truth the personal foundation of your life and your household since these are the basic premises on which your new Golden Age of Freedom will be founded. Only real compassion and consideration for all human beings will bring every heart into Unity or Golden Age Consciousness, for this is truly the longing of every soul no matter how much pain they appear to be acting out in their daily lives.

To assist yourself and others in moving into an entirely new glorious, expanded dimension of consciousness, the *Conscious Ascension into the Golden Age Teachers Training* has been created. Those of us within the ascended realms will be right there with you so you can feel the depth of what we are here to offer you during this vital time of your ascension into living *as* your unlimited Presence, enjoying Heaven on Earth.
