The Time is Now Part II

You are each moving through quantum shifts in consciousness that cannot really be defined by what you have experienced in the past because what is happening in your present is unprecedented and you have no reference for it. This is exciting for some and frightening to others, depending on how attached you are to the way things have been in the past. In

my time, I agreed to take my soul through whatever would bring me closer to my Father in Heaven, until I knew no separation between us and I could truly say, "I and my Father are one." In these days you might relate the "Father" to your own God Presence or to whatever you would consider the Source, yet in essence it is all connected into the same unquenchable thirst to reunite with the Divine Creator and that reunion is ultimately found within. I see that many of you have spent centuries trying to satisfy this thirst by indulging in whatever gave you temporary pleasure, yet now you want to live in the kind of peace, love and fulfillment that is not dependent on the outer world or on another person. We in the ascended realms are here to help you actualize what is essentially your own True Self.

~ Jeshua and the Councils of the Christ

The only way to stop the merry-go-round that has been holding humanity in fear and duality is with Love, which is the *most powerful force in the cosmos*. Love is inexorably linked to Light and they work as one force within and around your being. When the Earth merged with the Heart of the galaxy on December 21, both the Light and the Love expanded within every heart and mind

around the world. We speak here of the *infinite* mind that every being shares with the Creator. Some people are actually afraid to take in more Love and Light because they can feel the power it has to shift them into an entirely new way of being in the world; yet it is the only way that fear can actually be eradicated and replaced with true well being. Since fear sends out potent negativity, it is now more important than ever to send Love into every heart across the world. In fact, that is the true meaning behind the giving of gifts at this sacred time of year.

Earth's ascension process has intensified based on the energy surges that are streaming into and through your planet so it can complete its journey through the 4th dimension. The Light from your universal family combined with that of the awakened Lightworkers presently residing upon the Earth is actually far more potent than the negativity swirling around the planet.

The purpose of our messages is to enlighten, encourage and offer spiritual guidance during this unprecedented time in universal history. Throughout the ages, combative ruling bodies have caused so many wars that the soul of your Earth, Gaia, has already chosen to leave third density and journey into the higher dimensions where polarized

political ideologies and its tragic results do not exist. Earth's Golden Age master plan is in harmony with Gaia's desire for a peaceful world where all live in harmony with nature. Earth and her Lightworkers have continued to move into the 4th and 5th dimensions, and before long you shall see current upheavals and conflicts evolving into a unified desire for a peaceful world that establishes a new Golden Age.

What needs balancing most of all are emotions because they influence attitudes and choices of action and reaction. A Golden Age is not going to suddenly bring you into enlightenment. This is based on your choices and your true capacities to live in love and to follow your heart, rather than your emotions, as all of your basic characteristics and what comprises the unique individual that you are will only change when you *choose to honor nature and each other*. One of the basic changes will involve your willingness to see situations from the other person's perspectives and to adopt attitudes that lead to harmonious resolutions that will serve everyone's needs. Relationships from the family level up to national organizations will all be based on foundations that will facilitate all those involved to keep expanding their spiritual awareness of what will serve the whole.

In truth, everything that is important for you to know is already within your soul's deep knowing. Everything you see, taste, touch, smell, hear, and even think is actually created spontaneously from your heart and your heart speaks in the silence. Images arise from within the heart, and if conditions are right, the dreaming of your heart manifests into your outer reality. Most of you chose to be wayshowers by radiating your Light, and you are fulfilling that role when you are living from your heart as your Presence or Master Self.

To assist you living from your heart as your Presence, we in the Ascended Realms have created the *Merging With Your Presence Course* and the *12-12-12 Initiations: Embodying Your Fully Enlightened Presence*. We invite you to join us.
