Shifting Realities Part II

Many of you are becoming increasingly aware of your choice to be here during the Great Shift in the Ages. This "shift" is moving the consciousness within and around your planet and your body into a much greater alignment with The Presence you share with all of life. As you move into the unlimited 5th dimensional domains of your consciousness, you will find that the Love and Light of Source can move through you with increasing ease and grace. You will be embodying a greater sense of freedom within your daily lives and within all your relationships. You will move into the kind of profound peace that comes

from living in harmony with your True Self and following the guidance of your Presence. You now have the opportunity of using the remainder of this year to let yourself surrender ever more deeply into the ascension frequencies that will lift you into the freedom of a new Golden Age.

~ Ascended Masters Saint Germain and Lady Portia

When you choose to move into the freedom that is natural on the 5th dimension, you are presented with the ultimate opportunity of living and loving from the consciousness of your Presence. As you move into more and more of your Master Self, you begin to live in the true joy and inner peace that can only come from ascending out of the past and into the fullness of what each unfolding moment is presenting to you.

You are literally within such a magnificent period in your spiritual evolution that you can now ask to be *breathed* by Spirit into more wholeness. This can happen naturally the more you are willing to accept who your truly are and to live *from* and *as* your Master Self. Life will then start living you rather than you trying to control your life according to your ego's pre-determined plans. As you let the Love and Light of Source guide you, through your own Presence, then the new ascension frequencies will be able to flow into your spiritual centers, into your DNA and into the cells and atoms of your body with much greater ease.

The ascension is a clarion call going out to all of life with the intention of magnetizing everyone more fully into their own Presence or God Self. Its frequencies are surrounding and penetrating the whole of your being so you can be fully enveloped and empowered by the Love and Light of Source. These energies are currently moving through the world you were part of creating, and now you have the opportunity of being part of creating and ascending into a new world! *You have not been invited to be a part of creating the foundations for a new world since the last*

Golden Age in Atlantis.

During the ascension everything within and around you, including all other life forms, will be moving into more of the Love and Light of Source. Animals and people that were once enemies will become great friends and war will become an impossibility. You have already actualized your desire, precious hearts, to be a conscious part of this great ascension. As you look around, you might start seeing that there are others who have also agreed to remember why they are here and what they have come to create from the consciousness of their Presence ~ a Presence whose potential is totally unlimited and unconfined by the past.

The ideas that humanity has held as *the truth* for thousands upon thousands of years are now starting to collapse as you move deeper into the consciousness of your Presence. The actual pressure of holding on to the past or the future is being removed as the present is being accepted as holding the only true power and from there, all can be created with the spontaneity of children as well as the overall awareness and consideration for everyone involved.

When humanity starts living in the present as the Love and Light of Source, all relationships around the world between people and nations will become honest and spiritually connected. Priorities will start shifting away from the material world and into your spiritual inheritance, and with that your day-to-day lives will start stimulating your ancient memories of how to live in a Golden Age. As the illusions that have kept you in the mouse maze of your limited 3rd dimension continue to dissolve, your very atmosphere will start pulsing with more stability, joy, peace and divine, unconditional love. Then you will know what all enlightened beings have discovered down through the ages ~ *nothing really brings you greater satisfaction than being in complete harmonic resonance with your Presence.*
