Your New Golden Age Part I

You are being called home to the heart of the Self that has been waiting for thousands upon thousands of years for you to embody your Presence while you are still living on the Earth. The full embodiment of your Presence will fill you with so much love that your heart will constantly be expanding in bliss, and your body will be filled with so much light that you will feel totally and completely unconfined by any past patterning. It might feel as though you are walking on air and that you are connected into every living particle of life and all the spaces in between those particles. This is how it was in Lemuria and though your body will have more solidarity than it did then, the experience will be quite similar and you will surely know that you are one with all of life.

~ Saint Germain, Lady Portia and Lady Nada

This is only part of the glorious potential that is now opening up before the heart of every soul. In your present levels of unfolding, you may find that you are no longer able to support many of the old patterns that have become so common and prevalent in your world that they almost go unnoticed. We are referring here to all of the injustices, dishonesty, lack of integrity, and the many dramas that are still keeping humanity bound to the old paradigms that were founded in fear, lack, separation and duality. Yet know there is always an opposite on the other side of the same coin: for injustice holds the potential for justice, dishonesty holds the possibility for honesty, and everything can simply be seen as energy waiting to be transformed and lifted into its opposite.

We have witnessed all that you have gone through to get to where you are now, yet this is the time to let all of that go so you can keep your **full** attention on the magnificent opportunities that lie before you in each unfolding moment of your life. You are being invited to exercise your mastery by moving the whole of your consciousness into creating and living in the world you know is possible ~ a world that is filled with love and that delights in supporting your highest potential and your ongoing capacity to walk as your Presence on the Earth, a world that assists you in penetrating the ancient levels of your knowing so you can remember what it was like to live in paradise and how to create that vibrational resonance **now** within yourself and on your Earth because that is the foundational frequency of your new Golden Age.

As you continue to create the world you want to live in, it is important to keep your attention focused on the highest potential for your life. All that has gone before may occasionally arise as a teaching to simply show you the areas that need to be recreated into their higher potential. Even your DNA is reorganizing its patterns so it can balance out any contradictions in your present and your past and although you may occasionally feel like

hiding under the blankets until this Shift in the Ages is complete, you know in your heart that you have agreed to stay centered in your mastery during these pivotal times. On the level of your Presence, you already agreed to participate in this grand unfolding of your new Earth and you already chose to be here *specifically* for these times.

It is now becoming increasingly more obvious that 2012 is still acting as a glorious turning point that is allowing you to redefine your priorities and the very ground on which you stand, both figuratively and literally. As your mind chooses to stop seeking that proverbial carrot that has been dangling out there someplace in the future, you are being called fully into the present ~ a present that involves breaking the habit of distracting yourself from the truth of your gloriously unique existence in a time that may never come again.

Changes are inevitable as you and the Earth continue shifting into your new dimensional home ~ a home that is waiting to embrace and support you living in Unity Consciousness. The question of who you are has now been answered by thousands of you around the world and the question that can now be asked of your Presence is: *Why am I here? And is there something I can do to assist in creating and supporting the new Golden Age of Freedom on Earth?*
