And the Children Shall Lead Them

Part II

The current is now so swift that no one can cling onto the banks of the river ~ it is rather a time to trust the flow. You will soon look back upon these times and proclaim to the heavens, "Thank you for opening the eyes of my heart so I can see God in everyone and know that all human beings are truly Divine." This is your time to walk as living masters and to remember why you are here.

Lady Master Mary Magdalene

If you felt early on in your life that you came from another planet or star system, feel how wonderful it would have been to have family, friends and teachers support your uniqueness and applaud your gifts rather than expect you to be like everyone else. This is what many children are looking for during these times. For both children and adults to create the new Golden Age, they must see the world with unveiled eyes and live with an unshielded heart.

When one's vision is unclouded by what has gone before, they can move with greater ease into the glorious unknown. In the vastness of *that Light*, the wayshowers for the new Golden Age are being invited to focus their energy on creating a world where there is no fear or any sense of separation. This requires giving no support to the dire prophecies which always resurface at the beginning of a new age.

Those of you who are living in some degree of Unity Consciousness are being invited to help the children remember that they are here to create new ways of being on Earth. They need to be supported in being the wayshowers for their generation and possibly the next. Some of the children are in the midst of transforming their limiting ancestral encoding; some are looking for their higher purpose in being here; some are wondering why they choose to be in a place where there is still so much chaos; and some have never been on Earth before.

These are the ones who often feel that they must armor their hearts in order to sustain their original Divine encoding from Source. ***The Golden Age Children Course for Parents and Teachers*** shows how to sustain the integrity of the heart's special frequencies *without* having to shield it from outside influences. It also gives ways to keep the cells and the etheric energies in and around the body aligned with their highest encoding. It is very important that these children avoid violent and super tense action films and that they not be encouraged to engage in video games that support war. Until they build a strong sphere around their body for maintaining their optimal vibrational frequencies, their cells and their DNA will simply absorb the environment in which they are placed. Very few children learned how to discern what is really good for them, so teaching them to want to develop discernment is also a part of this ***Golden Age Children Course for Parents and Teachers***.

Many of us on the Ascended and Angelic dimensions were with the children when they passionately declared their profound desires to support humanity's *graduation* into her new Golden Age. Their choices were based on their heart-felt desire to assist people in remembering who they are and why they are here. The answers to these questions are more important now than ever before. The adults who have lived many lives on Earth chose to be here based on their deep desire to ascend into a higher dimension of consciousness. They chose to facilitate their own ascension by witnessing any sabotaging, fear-based patterns they may still have in their 3rd dimensional matrix.

When your compassion for yourself and all living beings expands, it signals those within the Ascended realms that you are ready to observe any crystallized thoughts and feelings you may still be holding within and around your body. Much of your present day wisdom has actually been created out of your so-called *hardships*. Snapshots of major, life-changing events in your lives are now being revealed to your soul on the inner planes so the heavenly hosts in their Divine Grace can assist you in neutralizing any charge you may still be holding around some of your memories. When you are willing to observe the *positive* side of *all* of your life experiences, you automatically start transforming any so-called *negative* memories into the wisdom you have gained from every situation.

We in the Ascended realms are stimulating your capacity to view your patterns with the compassionate *eyes* of your Presence. Your *memories* are essentially compilations of all of the beliefs, thoughts and feelings you have accumulated over many centuries. This is easy for the Masters to review with your Presence because the energy contained in your memories naturally organizes itself according to its vibrational resonance. You can do your part in transforming these energies by paying close attention to when you are giving undue importance to certain events, thoughts or feelings.

A *soul review* usually takes place after one makes their transition and in a very real sense, you *are* transitioning from one world to another right now. You and the children who are with you at this time are all making choices that are determining the future of humankind.

To assist you and the children to make the highest wisest choices at this pivotal moment for you and all of humanity, we have created the ***Golden Age Children Course for Parents and Teachers*** as well as the ***Golden Age Children Teachers Certification Course***. We invite you to join us and consciously co-create your life to be part of the new Golden Age of Freedom.
