Living in Paradise Part I

You have entered a time for penetrating beyond the looking glass ~ beyond the mirror that has pretended to be a reflection of your true self, yet what you are seeing in the mirror, and indeed even when you are looking at each other, is only a small

reflection of who you truly are. So where is that True Self and can it be seen, can it be felt, and can it be experienced within your body and in your relationships with others? Can your Presence even become a part of your life on Earth?

The search for the True Self has often been like trying to find the pot of gold at the end of the rainbow ~ the closer you get, the more illusive it becomes, yet this is because you may be looking for your True Self in places where it is not residing. It is only in moving into oneness with your Presence that you discover the TRUE pot of gold at the end of the rainbow, and it is your beloved Presence who can keep you in harmonic resonance with your universal abundance, your real freedom, and the kind of peace and ongoing joy that is not dependent on outer circumstances. This is the fulfillment for which the soul has yearned for hundreds of thousands of years and we are here to help your heart in remembering that your own God Presence is the one you are truly seeking and that one is always living in

paradise.

~ The Masters in the Councils of Shamballa

Your Presence ~ also referred to as your *I Am Presence* or your *God Presence* ~ is always connected into your heart, yet for many this connection has remained illusive and merging with the totality of the multidimensional consciousness of your Presence has remained a mostly unknown possibility. Now the possibility of connecting with the Presence both individually and collectively is awakening within the hearts of thousands around the world, and it is this connection that is going to shift the consciousness of your entire world into Oneness or *Unity Consciousness*.

This shift is at the core of what you are calling the *ascension* and this possibility is now becoming more real to many of you; for this is the time of the grand awakening of humanity. You are living in extraordinary times, times that may not come again for thousands of years. When Atlantis was destroyed, no one ever believed that the opportunity to live on Earth as fully conscious beings living in a glorious Golden Age would be possible again for over 10,000 years.

Yet a certain number of awakened Masters always volunteer to be on the Earth to help humanity remember their Divinity.

As you continue to awaken by aligning with the consciousness of your Presence, some of you are becoming those volunteers and many of you are moving forward with your service in the world. These are such important times and we are very delighted to assist you in any way we can in implementing your part in the awakening of humanity or in bringing in the next Golden Age. Our celestial hosts are stimulating the gifts and talents that you have accumulated over many ages so you can remember why you are here specifically during this Great Shift in the Ages.

It is your Presence that will actually be taking your body through the ascension. Some may choose not to move into the 5th dimension because they may still want to learn more about living as a separate ego, yet regardless of anyone's choice, there is no failure; there is simply the opportunity to make the call for your ascension and to know that your call will be heard.

Living in Unity Consciousness means that your ego has moved into cooperation with your Presence and you

are living in complete alignment with your soul's Divine Crystalline Blueprint for these times. The embodiment of unconditional love has been nearly non-existent on Earth, yet soon it will become the foundation that will completely reinstate the paradise vibrations that are destined to return to every heart, every relationship and every home. It is in that Light and Love that you will be living in a new Golden Age. The first step in making this a reality is to prepare your body for merging with your soul, and the next step is the full embodiment of your Presence.

We are offering an online course this November designed to assist you in merging with your Presence, and on December 12th you are invited to a four-day Teacher's Training where the Ascended Masters will be initiating the many 12-fold energy systems within your body to prepare you for the full embodiment of your Presence.
