## *Golden Age Emissaries Part I*

*Thousands across the world are being called into their mastery. This includes many children who know, or will soon know, that they are here based on their choices and their capacities to be emissaries of a new Golden Age. This unprecedented "calling" is coming not only from us, yet also from the God Presence of all of you who made pre-birth agreements to be on Earth so you could be part of humanity's ascent into the 5th dimension. Thousands of us are assisting you in moving through the 4th and finally into the 5th dimension where you will be residing in Unity*

*Consciousness. Many of you are becoming increasingly aware that you are here to be ambassadors of your own God Presence. This opportunity is calling both children and adults into levels of spiritual maturity that have seldom been experienced on your Earth.*

### **The Councils of Shamballa:**

What matters most right now is that both children and adults embrace all of the incoming energies so they can be used to amplify the original light encoding within the heart and ultimately within every cell of the body. Even if some of these energies *appear* to be negative, they can all be transformed and re-qualified by your conscious intent. Then these transformed energies can be used to align your heart, mind and body with more of your Presence or True Self.

These new waves of Light are also stimulating the dormant strands of DNA that are holding the pre-separation encoding that can now be used to co-create the new Golden Age. By *pre-separation*, we mean the encoding of the soul's DNA *before* fear and separation became part of humanity's consciousness. Many children already have some of these strands open and available. This will become increasingly more obvious in the days ahead when they grow into more of their purpose for being on Earth during these pivotal times.

A great split in consciousness occurred when human beings began developing both a public and a private identity. One's private identity *was* originally part of their True Self or God Presence. When that part of the self began to recede, a public identity, or false front, was created with all its fears and limitations. The True Self or God Presence of every man, woman and child is their spiritual inheritance and it is that level of consciousness that humanity will use to express itself in the new Golden

Age, and that Self lives in the truth of its Divine inheritance of unlimited abundance.

This truth is felt and lived by the heart that is so filled with Source Love and Light that it is truly aligned with the original remembrance of its True Self outside of all fear and all duality thinking or feeling. If children learn this early on, they can then start realizing and living as their True Self before they are five years of age. Yet if they learn how to create a false identity based on seeing this being played out all around them by their parents and teachers, then they will soon accept that this is a necessary part of their survival as a human being living on Earth.

The old adage “*the truth will set you free*” is indeed a valuable and true statement, yet it has not been really understood or lived. As the Divine Plan for your Earth continues to unfold, living and speaking as your True Self will be one of your greatest opportunities for walking the Earth as a living master. It may also be one of the greatest tests of your mastery as it means living without fear and seeing yourself, loving yourself, and being yourself as you truly are—your Divine Presence—in each unfolding moment. You are being invited to be one of the wayshowers of your new Golden Age as surely as are all the children who are on Earth at this time.

Both children and adults want their lives to be full of joy. This can be assisted by a simple shift facilitated by asking yourself:

***Is my life filled with complaints or is it filled with gratitude?  
Am I a creator aligned with all of the Divine qualities of my True Self  
or am I a victim of my circumstances?***

One who insists on being a victim is not really seeing all the wonderful things they can create in their lives. Living in joy and freedom naturally comes from releasing oneself from the illusionary restraints of the old paradigm.
