Golden Age Emissaries Part 2

Living in the eternal now is very different than living towards an unknown future or from a past that is no more. A Golden Age emissary aligns the whole of their consciousness with their God Presence within each unfolding moment until they discover that suffering has always been an option, and joy is their natural state of being. You have all experienced what it is like to live in fear, separation and duality, yet through the ages you have also been expanding other levels of your consciousness and deeper levels of your passion — a passion that can now be used to fuel your desires, and the desires of the children in your world to become Golden Age emissaries.

Masters Saint Germain and Lady Nada:

History will simply keep on repeating itself if everyone keeps on believing that they are living in separate states of consciousness that have nothing to do with the rest of the world. To make a lasting shift from duality to unity consciousness, everyone must take responsibility for the present state of affairs in your world. We are certainly not suggesting that you identify with the ills of the world or that you even become sympathetic to humanity's suffering, yet we are suggesting that the full potential of every human being can only be actualized when enough of you are willing to live in such unconditional love that it tips the scales of centuries of negative programming based on simply misunderstanding the true purpose of life. When both children and adults learn who they are and why they are here, they become important pioneers for establishing a new Golden Age.

Suppose you were invited to be part of building a gloriously scintillating white pyramid that was destined to shift the consciousness of an entire civilization, and that the building of this pyramid could only be accomplished through the loving cooperation of a great many people. You are all going through a window of time that is indeed inviting you all to come together to create a new foundation of consciousness for your world. We want to encourage each of you to step into a new dimensional atmosphere that is filled with unlimited possibilities for creating and living in a love-based world.

If you want to pass a new legacy on to your children, then you must make an agreement with yourself to stop creating out of fear, separation and survival and give up any need to struggle or suffer. For these old habits will not serve the individual or the world during these magnificent times. You are being presented with a glorious time to live as unlimited sovereign beings so this can be passed on to the next generation.

It might help to remember that whatever is taking place outside of the moment is actually not real, but a thoughtform of the past or the future being held within the limited mind. Most children live in the moment and it is wonderful to behold. The older memories within the mind, heart and body, even of children, are often recorded within the belly, so now is a good time to align with the Divine Mother essence of Source so her ***unconditional*** love and Divine Grace can fill the whole of your body. This also expands your ability to love yourself exactly as you are, which is the basic foundation for either a child or an adult becoming a Golden Age emissary of their own Presence or True Self.

When your heart is anchored in true unconditional love, then it magnetizes whatever is in support of your Presence as well as what is in true harmony with your own Crystalline Blueprint. The heart has the capacity to keep you centered within the magnificence of your true essence. Its energies project outward like the rays of the sun and its overall radius determines the extent of the Love and Light you are actually projecting and attracting into your life.

It is very important for every child to understand that their openness to feel the Divine Love that is encoded within their heart is determining the amount of joy they will experience in their relationships, as well as the quality of life they will be living as they mature. The ***Golden Age Children Course for Parents and Teachers***, created by those of us from the ascended realms, is designed to deepen a child's connection with their heart and to find their overall purpose in life.

To assist parents, teachers and children living as their True Self, the Ascended Masters from the spiritual realm have created the ***Golden Age***

Children Course for Parents and Teachers and the Golden Age Children Teachers Training.
