CO-CREATING THE NEXT GOLDEN AGE

The Great Masters who have realized their freedom are coming forth to assist you in embodying your eternal Presence and in co-creating the next Golden Age of Freedom.

Master Hilarion and Lady Master Pallas Athena

We are here to help you remember what life was like in the last Golden Age so you have more of a template for creating your next Golden Age, as that time is upon you.

Together we pour into your hearts the memories that many of you have recorded regarding the magnificence of the last great Golden Age, which was well before and beyond whatever has been recorded in even your oldest history books. It is our pleasure to lift humanity into its splendor and to activate the frequency of Divine Love that was the ever-abiding consciousness in those times, which was continually being sustained by the over-lighting Love of the Great Mother, just as in Lemuria.

The Divine Mother will once again be the over-lighting Presence of your new Golden Age. It may seem impossible to believe as you look at what is presently going on in your world, yet we assure you that all is in perfect Divine order for this Golden Age to start manifesting sooner than you may imagine. A template containing the over-lighting blueprint for your next Golden Age is energetically

being presented to the hearts and minds of humanity. When individuals or groups start *feeling* and *knowing* what they would like to contribute—according to their gifts—then the manifestation can truly begin.

Stop reading for a moment and breathe deeply into the part of your heart that remembers the magnificence of the last Golden Age. Then breathe into your pineal and pituitary glands, which were expanded enough during those times to work as one to keep the soul in constant alignment with Source Love and Light. The hemispheres of the brain also functioned as a singular unit of consciousness, not a divided one. Similarly, there was no separation between your heart and your mind, or between your upper and lower bodies. All of life was lived in whole-mindedness and whole-heartedness. And there was complete equality between all the inhabitants. Even those who were functioning as the overseers of the culture did not consider themselves superior.

In a Golden Age, everyone lives naturally in a continual state of bliss or ecstasy. They exist in peace and joy and embody all of the other qualities you would consider Divine. Many from the spiritual realms are coming forth now to increase your ability to embody all of these qualities of the Presence, as this is a major prerequisite for living in a Golden Age.

*In every Golden Age the body is seen as a
magnificent demonstration of Source Love and Light,
a great chalice to be continually filled with
the natural Bliss of the Divine.*

We are here to stimulate your capacities to *experience* the unconditional love that is naturally expressed and lived by *everyone* in a Golden Age, and to thereby bring you into the experience of *that*, for “I Am *That*, I Am.” There was no division of consciousness between the inner and the outer. There was no division of consciousness between the cosmos and the Divine order that naturally exhibited itself within your physical body and world.

We are here to show you how to create the kinds of systems we use for working within our Councils of Light. We also wish to stimulate your cellular memories

regarding the freedom that you naturally experienced within all of your personal relationships. There was no holding on to one another due to fear of loss, no neediness and no lack of love anywhere. You lived in total love and cooperation and no one controlled anyone else.

The Course that is mentioned at the end of this Newsletter focuses on your conscious participation in co-creating the next Golden Age. We have created Lightwork exercises intended to free your body, mind and spirit so you can integrate your consciousness with your master Presence and thus with your Divine Blueprint, which contains your original encoding as an extended expression of Source. It is our intention to assist you in your full embodiment of the Presence.

Sanat Kumara and Lady Venus

The Councils of Light who are overseeing your continuous spiraling movement into Unity Consciousness are literally pouring strength and courage into your hearts so you can see, hear and know your *true* reason for being here during this Great Shift of the Ages. These are extraordinary times—*life* on planet Earth is going to completely shift out of what it has *appeared* to be these last 26,000 years. The bell is ringing and we are calling you in from recess. It has been a very long recess.

The Divine Blueprint for your soul, for humanity, for the planet and indeed for the galaxy is unfolding before the *eyes* of your heart. Being able to *see* from the mind of your heart and thereby through the eyes of your Presence may seem like a challenging request given the chaotic residue that is coming forth to be transformed around your planet. Yet know that we see your world as a magnificent holy child just waiting to be born and lifted into the arms of its adoring parents. And *you, beloveds*, are those adoring parents, you are the ones who are dreaming your next Golden Age into manifestation.

We will do all that we can to bring you into the remembrance of who you are, why you are here and what you have come to create in your magnificent world. As a representative of the Planet Venus and the head of the Galactic Councils overseeing the grand ascension of your planet, we are here to assist your Earth in becoming the Heart Center of your galaxy.

Those within the great Councils of Shamballa are constantly sending images into your heart to give you the bigger picture so you do not get stuck in the illusions of the collective that have continued to support lack, fear and limitation in your world. All of the Cosmic Beings, Archangels and Elohim are here now to align you with your Divine inheritance—not only as a planetary being, but also as a galactic emissary. This stellar reconnection will align you with the parts of your soul that never got involved in the birth-death-reincarnation cycles that are presently considered “normal.” Your galactic seeds lay hidden within the dormant codes of your DNA and within the unused portions of your brain. We will be assisting you in opening these codes in the Advanced Course of *Walk the Earth as a Living Master*.

Master Kuthumi

I have come forth during this pivotal point in your planetary ascension to amplify certain frequencies within the Spiritual Heart. My focus is upon stimulating the Buddha/Christ wisdom that is coded therein. The Spiritual Heart was originally seeded by Beloved Mother Mary and her angelic assistants upon the inner planes, and gives you access to the Divine Love, Wisdom and Power of the inner Christ, and thus access to the Heart of Source.

To fully embody the consciousness of the Christ, you must create such a strong alignment with the unconditional Love seeded within the original Heart, that the ego can and will surrender its separate agendas. When the ego joins forces with the unconditional Love in the Heart, then the Presence has the energy it needs to bring the entire field within and around the body into the freedom of Unity or Christ Consciousness.

You are designed to graduate by moving through your present cycle victoriously. You have imprisoned yourselves long enough. You, beloveds, are our emissaries and we encourage you to come together during these pivotal times to co-create with us the next Golden Age, just as we have done with you in ages past.

In our Course, *Walk the Earth as a Living Master*, we have shared powerful tools for cleansing, clearing and releasing you and your ancestors from any unnecessary beliefs and patterns held within either your past or your future. We are here to

assist you so you can truly be the Way Showers for many, many others who know they are here to co-create the new Golden Age of Freedom.
