## *Humanity's Defining Moment*

### *Part I*

*You are living in the pivotal moments that are defining your future  
and the future of humankind.*

#### **Master El Morya**

We reach into your glorious hearts to awaken your most profound remembrance of why you have chosen to be here specifically during these times. You might answer... "I am just here to be myself." Yet what self is that? "I am just here to enjoy myself." Yet what self is that?

Within the deepest recesses of the spiritual passion that got you to where you are *right now*, your heart knows exactly who you are and why you are here. Yet how deeply you are willing to connect with the depths and heights of your unlimited Self and its Divine Blueprint lies solely in your hands and heart. You are living in the pivotal moments that are defining your future and the future of humankind.

#### **Masters Saint Germain and Lady Portia**

The question placed before your heart at this pivotal moment in your personal and collective evolutionary journey is this:

***Are you willing to allow your Presence to guide you into the freedom that naturally comes when you mentally, physically and emotionally surrender into doing whatever it takes to walk your mastery in this embodiment?***

If it is your highest and deepest intention to live as your Master Self and thus to shift your mind out of all its self-imposed limitations, then indeed you are here to join hands and hearts with all those who have already chosen to make their ascension into Unity or Christ Consciousness during this pivotal cycle. *It is truly a special privilege to be on Earth at this time*, yet please do not take your mastery or your ascension for granted. Mastery requires that you stay connected with your Presence as being your true guide and the sustainer of the higher frequencies that are moving into your heart and your spiritual centers.

As you start living more of your mastery and embodying more of your Presence, your Divine Blueprint will rise to meet you. Yet know, beloveds, in that profound meeting, you will very soon discover that you are not really here to live as a separate individual scraping up crumbs of temporary satisfaction, rather you have a much deeper inheritance. As you stretch beyond the separation encoding that has been projected into every soul and every cell, you will naturally uncover that you are truly here to live as an emissary of Source, and as such to be a unique, yet *not* separate, expression of your Divine Presence.

In the exploration of your Divine Blueprint, you will discover that you are here to manifest a specific service for these times. As Love and Light continue to expand within and around your body, it will stir the passion and compassion that is seeded within your heart for implementing your unique service in the world. Yet know, beloveds, that your primary service is simply to live as your Presence or Master Self and that alone is a tremendous gift to all of life.

If your Presence directs you to make great changes, please allow your mind to go into harmonic resonance with the new avenue that is being suggested. As you lovingly meet and transform any obstacles that may arise as you enter into the unfamiliar, you will quickly see that every challenge is simply a glorious opportunity for expanding your mastery. We all rejoice with you when you follow your Presence by sending surges of delight into your heart to let you know that the universe is there supporting you.

Part of mastery involves staying aware of what moves you into reactivity. In the moment you react, step out of your mind and move your attention into the heart and mind of your Presence and ask it to shift the energy of reaction into creative

passion for creating something new. Your reaction can then be used to fuel your creative energy. As you ride the wave of your own unfolding, it is important to avoid stress so your immune system can keep you healthy. Stay focused on your highest calling and on what you have come to create. Co-creating with others is part of every Golden Age.

As you learn to transform all that is no longer supporting your highest calling, you will discover that change is inevitable if you truly want to walk the ascension path to your freedom. It has taken a long time to reach this point in your evolution, so welcome everything with a truly open heart as the opportunities before you may not come again for many thousands of years.

To assist you in transforming all that is in the way of realizing your mastery, we have created **Courses to *Walk the Earth as a Living Master***.
