Creating the New Golden Age Part I

Now is the 11th hour! We invite all of you to awaken out of the dream that humanity has been dreaming for thousands of years. The thoughts and feelings that each of you have been holding within your individual and collective bubbles of illusion are now being pierced so you can see and feel in your heart why the time has come to create a new world based on living in harmony with all of life everywhere.

Ascended Masters Kuthumi and Lady Claire

We are working together with Jeshua and Saint Germain and all those within the Councils of the Christ and the Divine Feminine Orders of the Christ who have elected to assist humanity in breaking free of the

illusions that have been holding you bound to both the past and the projections already placed into the future based on previous *un*workable systems of belief.

We are here to assist you and you are here to help each other break out of any third or fourth dimensional illusions that may still be holding your consciousness in any kind of limitation. To release yourselves from any old beliefs that were established in fear or separation, you must really be willing to stop, look and listen to your thoughts and feelings with as much honesty and neutrality as possible.

You can sustain a much more conscious alignment with your True Self by observing your day-to-day thoughts and feelings and by asking yourself a simple question: *Is this an unlimited thought coming from love or is it a limited thought coming from fear, doubt or judgment?* As you move more decidedly into your new Golden Age, your love and your thoughts will all be unlimited. If you choose to observe your thoughts, please do it lovingly and without any self-incrimination.

Humanity has been living in an arcade of illusions filled with enticing games that have kept them wanting to seek momentary pleasure at the great cost of losing their connection with their own Master Presence. It is as though everyone is struggling to be happy at a party that was over a long time ago and in this pivotal 11th hour it is really time to go *home!* We hope you can hear this as a glorious invitation to begin co-creating the magnificence of your new Golden Age.

You are here to create what will determine the quality of life on your Earth for generations to come. Most of the children have no idea of how pivotal they are in creating the foundations for your new Golden Age and though some children do remember who they are and why they are here, many forget rather quickly due to the influences of your present

day technologies and the fact that most people on the planet are basically unconscious so no one is really there for them in a meaningful way that inspires them to be their Master or True Self.

Many children need your inspiration to bring forth their gifts so they can experience lasting joy and not the temporary kind that comes from the sensory pleasures that have been so much a part of the old 3rd dimensional paradigm. Children are searching for their own unique sense of self. They really want to know why they would come to a planet that is in such chaos and confusion. When they can feel your support for their gifts and talents, they will feel inspired to be here. Some of the children who are here now have never even lived on Earth before and they simply want to live in a peaceful society founded in love because that is what they know based on where they came from and what they have come to create that will usher in a new Golden Age.

As children move into a more conscious alignment with their True Self, they will find it much easier to envision new ways of being on Earth ~ ways that are not confined by the fear and duality programming of the 3rd dimension. The children who have awakened their capacities to see through the veils of the past are also developing a much more expansive view of what is possible. As they explore new ways of being on the Earth, they need to be encouraged to draw other children out of their often bored states of being.

Some children and adults have moved over the threshold from a world founded in fear and duality into a world founded in harmony, cooperation and unity. Some of the awakened children are definitely watching the adults to see what they are going to do with their extraordinary opportunities to co-create a new Golden Age of Freedom.

You have the opportunity to be one of the wayshowers that inspires these children to great heights that will benefit them, the family, the community, the nation, our world and all of humankind for generations to come. We invite you to become a Golden Age Teacher for these precious little ones who are our future.
