## *MASTER KEYS TO FREEDOM*

Your Presence holds all of the qualities given to your soul for sustaining its connection with Source and living in freedom in every area of your life. To move into the next great Golden Age of Freedom, you must first move out of the fear-based duality matrix that has dominated third dimensional consciousness for thousands of years.

The Great Masters who have realized their freedom are giving us their assistance to co-create this next Golden Age of Freedom.

### **Master Saint Germain**

*The path to freedom is a choice  
based on one's willingness to do whatever it takes  
to embody the Presence.*

The Presence is the part of the self that has never lost its connection to Source. It holds the key for unlocking the door to your freedom. It has always sustained a necessary and intimate connection between the soul and the eternal Heart of the Divine, and though it has been written about, the Presence has *not* been fully *embodied* for thousands of years. It extracted itself from living *in* the body when human beings began believing that they were separate from Source. To assist the soul in not getting completely lost during its earthly sojourns, the Presence has

continued to sustain its connection to the soul through the heart and the spherical field around the body.

Due to the nature of these times, and the need of the hour for humanity to shift out of fear and separation into Unity consciousness, you are being called to embody the Presence. If it is your intention to make a more conscious connection with your Presence, then we ask you to learn what it takes to *embody* your Presence. We sincerely desire to have conscious emissaries upon the Earth, for you are our hands, our feet and our voices. The Presence has no interest or attraction to the past or the future. It only supports the *truth of the Self as Source Love and Light* within every moment. The Presence increases this Love and Light using the qualities and frequencies that are inherent within the Sacred Rays and the Sacred Geometries that are a part of the original encoding within every soul and within all of life everywhere.

***The Presence can only come fully into the body  
when you have prepared your heart and spiritual centers  
to sustain the higher frequencies of the Presence.***

This is not going to be done *for* you, yet rather *by* you. There is a sphere around your body that sustains all of the gifts you have gathered since you began your journey as a soul. That sphere is overseen by your Presence so it can assist you in staying aligned with your Divine Blueprint, which is a kind of spiritual *map* that defines your soul's intentions in being here at this time. The more embodied your Presence is, the more conscious access you have to your Divine Blueprint.

You are using the same Sacred Rays and Geometries that the Archangels and the Elohim—who are the builders of the form world—use in creating all that you see upon your Earth. ***These same powers are given to you by Source to create whatever you desire.*** Now we are asking you to be more aware of what you are creating, more aware of where you are focusing your time and attention and more conscious of co-creating the next Golden Age of Freedom.

Your upcoming age will come to be known as an Age of Cooperation. Your Presence coordinates your relationship with your spiritual overseers in the cosmic and ascended realms, your relationship with those in the celestial realms, and those from the realms of the Elohim. In every Golden Age, humanity has consciously created with both the Angelic and the Elemental Kingdoms. This is a major key to

living in freedom, for it is within this collaboration that you realize your abundance in all ways.

Humanity is presently being offered an opportunity to *practice* living in their personal and collective freedom, as well as freedom from all the systems on Earth that were founded in greed and fear. Humankind has been under the thumb of these systems for a very long time, and as a result, your ancestors' memories of fear and limitation have placed into your DNA certain unconscious *needs* to keep supporting what they honestly believed would protect them. Citizens of every country want to believe that their government is for them, not against them; and that they will be taken care of in times of need. As the old systems crumble to reveal the truth, you have the opportunity to create your own freedom.

Humanity is at a point where they must truly mature and awaken to their part in creating an entirely new way of being in the world. Every fear-based, limiting emotion or thought has a high side that can be potentialized. Here is a foundational Key to Mastery:

***Focus on what can be manifested  
that is in the highest interest of all,  
so all can come into alignment with this higher potential.***

This applies to all levels of life and must be implemented if the Divine Plan for humanity of harmony, peace and abundance is to come into fruition within the next few years. We who exist in the spiritual realms have created a Course so that you may learn how to truly walk the Earth in freedom as a Living Master. The foundational principle of this Course is the full embodiment of your Presence. Then the Presence can send its Love and Light into the spiritual centers within the body to awaken your higher thinking and feeling capacities. To really implement these extended potentials, you must deeply *desire* to create a new personal and planetary paradigm.

It is truly your heart-felt desires that are going to create Heaven on Earth—your heart-felt desires that are going to bring your Presence into your body. And when making conscious preparations for this Divine re-union, you will automatically start aligning with your higher purpose and your eternal, essential Self. You will begin feeling more true to your Self and more aligned with the mind of your heart. You are the One you have been seeking. This merger with the Presence has often

been referred to as the *ascension*, only it is not about going anywhere—it is rather about being fully here, fully empowered, fully loved and fully free.

As you *become* the Presence, you will increase your awareness of the planet's Divine Blueprint. You will truly desire to keep your focus on what is eternally true and for the highest good of all. As you increase your capacities to embody the Presence, there will be a natural falling away of what no longer serves you or the planet. This is truly an indication that you are doing the work of shifting your focus by assisting in bringing humanity into its freedom.

## **Master Kuthumi**

Although *personal* freedom is the foundation for a new world consciousness, it is not going to be as important to you as you might expect as you begin focusing more and more on what would create the greatest good for the greatest number—indeed, what would bring the whole of humanity into freedom!

You are moving into a time where great communities of love, light, co-creativity, and even new technologies will be used to *positively* connect all of life. You will see and experience greater spiritual intimacy within your relationships. Partners will live in absolute equality and mutual respect, and totally delight in serving the Divine within each other and within all of life.

Equality and cooperation are both major keys to the new Age of Freedom. And, yes, you will even be supported by wonderful new systems of *governing*, versus *government*, and these governing Councils of Light will operate for the good of the whole. Your economic systems will be similarly based on what will serve the higher interest of all.

Those of us within the ascended and cosmic realms who are dedicated to assisting humanity in preparing their physical, etheric, mental and emotional bodies for embodying the Presence have specifically designed a Course, “Walk the Earth as a Living Master,” to activate the unlimited qualities of the Presence within your heart and your spiritual centers. We offer this opportunity of a lifetime to those of you who desire freedom and abundance in all areas of your life and want to be part of co-creating the next Golden Age of Freedom.
