## *Conscious Ascension Part I*

*You have been preparing for this magnificent shift into the  
freedom  
that naturally abides within Unity or Christ  
Consciousness  
for thousands upon thousands of years.*

### **Masters El Morya and Lady Miriam**

As representatives of the Ascended Masters and Cosmic Beings, we are here to assist you to shift your consciousness into an entirely new way of being in your world. This *shift* in consciousness, often referred to as the *ascension*, is already taking place within many hearts across your world, yet the more consciously and joyfully you participate in it, the more you can create freedom and abundance for yourself and all of humanity, for you are indeed one body of consciousness.

You have been preparing for this magnificent shift into the freedom that naturally abides within Unity or Christ Consciousness for thousands upon thousands of years. Many of you made pre-birth agreements to be here as way showers during these times, to walk your mastery in this embodiment, and to use your gifts to facilitate the ascension of humanity and the planet as she moves into her new *orbit* of consciousness. When you know within very cell and atom of your body that you are here for this grand event and that *living your mastery* is what will assist others

in remembering how to live as their Presence, you will experience the eternal joy that resides within our hearts in the ascended realms.

*Who and what you are being in every moment affects all of life everywhere. You are either a conscious part of humanity's great awakening or you are an unconscious part of sustaining the illusions that have created fear and duality within millions of souls. For they are each, in their own way, feeling the pressures that the planet and all life upon her are going through as part of the ascension.*

Life on Earth is always presenting you with vastly important opportunities for living your mastery and experiencing the depths of love that is the natural estate of all beings living in Christ or Unity Consciousness. The entire company of heaven is by your side as you awaken within the full realization that you are all one magnificent Being; yet to live this **Oneness** within your body, mind and everyday world takes a profound knowing in your heart. This **knowing** is often the first step to releasing the control the ego has had on the mind as well as the first **big** step in your ascension.

What does your heart ache for that you do not already have? Many of you would come forth immediately with answers such as “freedom and peace of mind.” Surely this is a valid desire, yet the frequency with which the conditional, relative mind moves into dissatisfaction, rather than looking at things from the perspective of the Presence, is so common that it usually goes unnoticed. Being in pain and suffering is part of humanity's addiction to drama. Your movies demonstrate this to you in a way that leaves no uncertainty. The present state of affairs in your world all stems from believing in the separation and the fear and drama that goes with it.

When you focus your mind, heart and body upon the deep contentment that comes from surrendering your mind into the heart of your Presence, you will create your life in a way that is aligned with the natural joy of your original, true Self. In fact, you will start to realize that *every quality you would attribute to Source is a quality that is within you.* The embodiment of these qualities will attract everything and everyone to you who is in support of your highest good and theirs ~ and you all become active participants in shifting humanity's consciousness into the freedom of the 5<sup>th</sup> dimension.

***As you realign with the Truth of your true Self,  
all of the thoughts that have created your false  
sense of fear and separation start to collapse.***

Knowing who you truly are is a giant leap, yet the *living of your mastery* takes ongoing dedication. We are presenting you with an overview of your potential to live in the natural inheritance of your original freedom. We are encouraging you to consciously take part in your own ascension and thus consciously take part in creating Heaven on Earth, so that the fear of tomorrow can start dissipating into the joy of the moment.

To assist you in your ascension, we have created a ***Conscious Ascension Course ~ Living as Your Presence, Bringing Heaven to Earth.***
