Conscious Ascension Part II

*Living as your Presence or Master Self is
the key for unlocking the door to your
ascension into the 5th Dimension.*

.
Masters El Morya and Lady Miriam

Your heart and all of your Spiritual Centers are shifting into new frequencies to integrate your expanded capacity to live in Unity Consciousness on the 5th Dimension. Everything in your body, mind, and world is made up of pure energy ~ energy that is constantly being defined by your conscious or unconscious thoughts and feelings. These thoughts and feelings determine the reality you live in and the reality you see all around you.

It is vital to remember, *especially* in your current cycle, that it is often your *unconscious* thoughts and feelings that are creating your world. Within our **Courses to Walk the Earth as a Living Master and Conscious Ascension**, we give Lightwork Exercises for transforming old beliefs and patterns so your life moves into conscious harmony with the higher calling of your Presence and your creations can reflect your true intent. Part of our purpose in working with you is to remove any habits you may have adopted based on the thoughts, feelings and memories of the collective consciousness of humanity. You can easily see that

being surrounded by these fields of thought and feeling while maintaining a true connection to your original encoding from Source is what is required of every soul dedicated to living their mastery.

*As you take full responsibility for your 3rd dimensional creations,
new creative energies will be released and Divine Grace will
naturally start flowing into your life and relationships.*

What you are supporting within the memories you have stored within and around your body determines how direct your link is to your Presence. Each day you expand or contract this connection based on where you are focusing your thoughts and feelings and how much time you spend musing over your past or worrying about your future. The unconscious levels of your own mind are connected into the collective mind of humanity *until* you choose to practice walking the Earth as a Living Master by taking responsibility for transforming the way that you think, live and love.

The 5th Dimension is being sustained within a grid of consciousness that is presently surrounding and penetrating your planet and all life upon her. As you move into living as your true Presence or Master Self, you naturally begin aligning the whole of your being with the beautifully refined frequencies of Unity Consciousness that begin on the 5th Dimension. With dedication to the truth that lies within the core of your original encoding from Source, you can truly start aligning your everyday life with your Presence. This is how you bring heaven to Earth.

Humanity's higher feeling nature has not been free enough to integrate and experience the authenticity of Divine Love since the last Golden Age. Yet due to the immense Grace that is now being bestowed upon humankind, all of the misinformation that may still be held within your body, mind and feeling nature can be transformed and lifted back into the pure Love and Light of Source. The chaos you are witnessing around your world is demonstrating this purification process. Our Course in walking your mastery offers very simple exercises so that you may easily create a *harmonious* transformation by lifting your creations back into harmony with your Presence.

All those within the heavenly realms are with you as you make this transition into the 5th Dimension. They know that this shift requires your willingness to witness your life with as much neutrality as possible. This witnessing capacity is part of your walking the Earth as a Living Master. The celestial hosts of the Elohim, who are the builders of your form world, are also by your side as you move into your greater capacities to create from the consciousness of your Master Self or Presence.

Transformation is a natural part of any real shift in consciousness and it is a natural part of moving into a new dimension. As the ascension wave moves more deeply into the heart of the planet, it is simultaneously lifting the consciousness of all life into the greater Light. As you move through this, you are being continually graced with receiving greater and greater increases in the Opalescent and Diamond Love and Light of the Creator. These energies are coming forward to augment your capacities to co-create the new Golden Age of Freedom. One of our major focuses in our **Conscious Ascension Course** is to prepare your body, mind and heart to assimilate these amplifications of Light with as much ease as possible.

*You are not leaving the Earth to live in Unity Consciousness.
You are rather bringing the consciousness of Unity that already exists in
the 5th Dimension into your hearts, your bodies and your relationships.*
