*And the Children Shall Lead Them*

**Part I**

*The children are going to determine the quality of life on your Earth for generations to come. Most of them have no idea how pivotal they are in creating the foundations for a new Golden Age of Freedom. Some children remember who they are and where they came from, yet many quickly forget due to the influences of your present day*

*technologies and the fact that most people are basically unconscious so no one is really there for them.*

*Our call to you is to be fully present as your Presence so you can help the children in remembering who they are and why they are here during your Great Shift in the Ages.*

## **Masters Kuthumi and Lady Claire**

As the Great Light continues to penetrate the personal and planetary grids of your shared consciousness, we invite each of you to dive deeper into your ability to remain much more present as your Divine Presence in your day-to-day lives. You can begin by asking: *Where am I right now?* Then feel your whole body really being there. Then ask yourself, *What am I thinking right now, and is it really in my highest good to be focusing on this right now?* If it is, then surrender and be completely present with your thoughts. Then ask yourself, *What am I feeling right now, and are my feelings joined with my mind so my thoughts and feelings are really working as a singular unit of consciousness?* Then see if you feel more expanded, alive and present or more tense, contracted and absent from yourself, those around you and your surroundings.

If you find that you are feeling disconnected from your True Self, then breathe deeply into your belly and rest there for a moment. Then ask your Presence to assist you in letting go of any fear-based energies you may still be holding in your Solar Plexus, which is the major home base for the ego. Keep inhaling love and exhaling resistance until you feel more expanded and lovingly present.

You may want to create other questions that will keep returning you to the present moment as that is the only place your *timeless* Presence can truly be at home within your mind, your heart and your body. Give some time to these kinds of questions so you can see the deep rewards of

being fully present. After awhile, being present becomes such a great delight to your soul that being absent is no longer an option.

Your heart is the fulcrum of your physical being. It is vital for keeping you connected with the pulse beat of the cosmos and it is also connected into an etheric *Spiritual Heart* that is centered in the middle of your chest. This *Heart* is in harmonic resonance with your original unlimited encoding from Source. It has always been there to keep you connected with your Eternal Self. Your Spiritual Heart is like a time capsule which is now programmed to open up more of your abilities to think, see, hear, feel, love and live from the directives of your super conscious Presence.

When a true relationship with your Presence is established, then you have the means for living more consciously on the quantum, non-linear, timeless realms of at least the 5<sup>th</sup> dimension level of your consciousness. Many children are already living ~ more or less consciously ~ on both the 4<sup>th</sup> and 5<sup>th</sup> dimensions and this is where they want you to meet them. This world is not easy for many of them due to the debilitating and distracting energies which have been created on the 3<sup>rd</sup> dimension to keep humanity centered in their limited thinking conditional mind and all of the separation, fear and ego distractions that go with it. Many of these children are seeing those around them living so completely on the 3<sup>rd</sup> dimension of lack and limitation that they feel they must also be there to create workable relationships.

You are being invited to assist the children in remembering who they are so they do not get influenced by others who *appear* to know more than they do. Many of you reading these words are the ones who said before you arrived on Earth: *I will go and I will stay until all are free and safely reconnected with the True Heart of their Presence.* Those of you who remember making this agreement now have the opportunity of assisting the children in expanding *their* remembering. That is why we have created the ***Golden Age Children Course for Parents and Teachers.***

Everyone is being invited to ascend into Unity Consciousness. Yet if parents, for example, allow themselves or their children to play brutal video games, then that is where their consciousness is *living* and that is how the heart becomes contracted in fear and hate, disconnection and separation. And if the world were suddenly to end, the soul would be attracted into that same vibration of brutality in the astral dimensions of the collective consciousness. No parent would really want that for themselves or their children.

When you are present as the awakened loving being that you truly are, then you can share from your true essence much more meaningfully with everyone, and certainly with all young people. Being fully present connects you with the non-linear limitless aspects of the self and that is where most children live, particularly those who have never been here before. At first nothing “out there” is really important to them, yet they see everyone else putting most of their attention anywhere but “here” so they quickly learn to do the same in order to fit in. Yet they are here to show *you* another way of being on Earth.

When one exits the present moment, they are actually abandoning their Presence by giving their limited mind dominion over their heart and their unlimited spiritual self. You are all being invited to walk the Earth as living masters by *being* your Presence, yet you must be present to make this a reality.

*The children are here to stimulate your  
desire to co-create with them a new  
Golden Age of Freedom!*
